DEPARTMENT OF CIVIL ENGINEERING

From **AUGUST 2017** to **DECEMBER 2017**

VISION OF DEPARTMENT

TO BE A GLOBAL CENTRE OF EXCELLENCE IN IMPARTING QUALITY EDUCATION IN ALL THE FRONTIERS OF CIVIL ENGINEERING FOR THE DEVELOPMENT OF THE SOCIETY

MISSION OF DEPARTMENT

M1: To educate the students in the field of Civil Engineering by adopting best teaching –learning process with state of the art facilities and infrastructure

M2: To encourage the students to contribute to the development of the society by pursuing a promising career in the industry by making them employable with the necessary soft skills and leadership qualities

M3: To encourage the students to pursue higher studies and carryout research and development in various fields of Civil Engineering

INAGURAL FUNCTION

On 6th August 2017, JIT College was filled with aspiring Engineers who had come to accomplish their dreams along with their parents. Around 500 people had gathered in quadrangle of our college. The function was inaugurated by Chief Guest. Professor Krishnegowda who is a famous Humourist and was accompanied by our beloved principal. Dr. B V. Venkata Subramanya. The function began with a prayer and chief guest shared his funniest moment of student life along with motivational talk, addressing to both student and parents. The show was anchored by Prof. Nishchay vishwasena and Prof. Janhavi Desai of our department. Our principal Shri. Dr.B. V. Venkata Subramanya shared about college facilities such as labs, eminent professors and incubation center (CIIRC).

At last the students imbibed the advice given by the chief Guest and were looking forward to incorporate them in their academics. The toppers of all the departments were awarded with certificates and medals where Rajitha E and Vishwas Shellikeri bagged awards from civil engineering department.

ENTERPENURESHIP PROGRAMME

JIT placement department had conducted entrepreneurship training program from 28th Aug to 30th Aug in our college auditorium, where renowned industrialist had come to motivate the students to become an entrepreneur.

Programme Educational Objectives

PEO 1: The students should emerge as successful civil engineers in the industry, consulting firms and the government sector

PEO 2: The students should demonstrate their expertise and skill by being successful entrepreneurs, leaders and innovators which will enable societal growth and national economic development.

PEO 3: the students should demonstrate sustained learning and adopt themselves to the constantly developing field of civil engineering and continue in the path of life-long learning by research and self-study

Programme specific outcomes

To enable the students to accomplish the educational objectives, the curriculum is designed to assure that the students will be able to

PSO 1: Apply the knowledge of mathematics, science and engineering to analyse and design civil engineering and transportation systems.

PSO 2: Become capable of analysing the impact of engineering solutions in global, economic, environmental and social context and become responsible citizens.

PSO 3: conduct experiments in the technical areas of civil engineering, analyse and interpret the resulting data

PSO 4: Prepare reports for project work carried out and communicate the necessary civil engineering aspects effectively with presentations and seminars

The Program was attended by our 3rd and 5th semester students of civil engineering department. The training program developed confidence to the students for having an alternate employability route through establishment of small scale business of their own.

WORKSHOP

A workshop was conducted by Prayojana Construction management training institute in our departmental seminar hall on 9th Sep 2017 for both 5th & 7th semester students on practical issues in construction pertaining to planning, estimation, and management of a project. The training institute gave an introductory talk for Civil Engineer students to learn, employment based value added course using prevalent software's such as MSP, Primavera. The modules for training included understanding the project construction, project planning and scheduling, QS, QA/QC finally execution and supervision of construction activities. The session was very well planned and executed for the best of students with the perception of "learn to work".

Engineer's day

On 15th September 2017, JIT celebrated ENGINEERS DAY to tribute the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya. "Role of Engineers in a developing India" is the theme of Engineers Day 2017. On this occasion chief guest Shri. Narasimhan, managing trustee, JIT College along with our principal Shri. Dr. B. V. Venkata Subaramanya accompanied by teaching and non-teaching staff in JIT auditorium

Tv-9 EDUCATION SUMMIT

On 25th and 26th of Nov 2017 an education fare was conducted by TV9 at Nimhans convention hall and our college had participated in the event. The student and parents had participated in huge number and were keen to know about the various facilities offered by colleges. JIT faculties introduced about our college

ALUMNI MEET

The alumnus meet was conducted on 14th Oct 2017 was presided by Shri.M.Narasimhan, managing trustee Jyothy charitable trust, Bangalore. The programme began with registration and breakfast followed by invocation, further continued to lighting the lamp addressed by the chief guest and the audience were entertained by the cultural program.

OPEN DAY

Open Day is the occasion where our college opens its gates for budding engineers from various PU colleges all over Bangalore. . Open day function was held on 2/12/17 and 9/12/17 for various prestigious PU colleges. Sessions and campus tour was organised to introduce JIT infrastructure. On the inaugural day for first year students, the chief guest had felicitated our college branch toppers, from our department, Rajitha.E who had secured 73.5 % and Vishwas .G.Shelikeri who had secured 71 % were commemorated for their hard work .

RAJITHA.E (73.5%)

VISHWAS .G (71%)

The students were happy to receive the mementoes and they shared their experience with our college to motivate the students present there. At last they were congratulated for their perseverance and the felicitation program ended with a quote "Success is not final, failure is not fatal: it is the courage to continue that counts",
